

## CommanderEDGE MultiChem 2L & 3L Extinguishers

Choosing the right extinguisher can be daunting when faced with a fire - now with the CommanderEDGE MultiChem, you don't have to worry. New to the range - these compact MultiChems bring lightweight and diminutive dimensions to seriously powerful extinguishers. Even the 2L unit comfortably outperforms its competition with an impressive 8A 70B 25F fire rating, while the 3L has a fire rating of 13A 89B 40F. No other extinguisher gives this level of safety to staff and the public. With the MultiCHEM it's almost impossible to get it wrong.
